

"Seriously, Yahoo's new film is fantastic"
Adrian Martin - The Age

YAHOO! He's back. From Yahoo Serious, the creator of the worldwide smash hit *Young Einstein* and *Reckless Kelly*, comes his most outrageous and surreal comedy.

Roger Crumpkin wreaks havoc as the accident-prone repairman at Sydney's famous Egg Factory. A dark, loveless childhood has shut down his imagination and left him with an 'obsessive-compulsive dismantling fixation'.

Intimidated by everything from his cantankerous toaster to the opposite sex, Crumpkin's life is falling apart until he accidentally falls for his boss's girlfriend, chicken sexer Sunday Valentine.

When Roger unearths a mysterious "hubcap," buried for millions of years, these two shy, innocent misfits are catapulted into a romantic adventure of epic mishaps. Can two of the most unlikely people on Earth unlock the secret to finding intelligent life in space?

Imagine a romantic comedy that collides free-range eggs, scrambled relationships, refrigerators, global chaos, corporate greed, extra-terrestrial life and breathtaking stunt sequences - and you've got *Mr Accident*, a rollercoaster ride of magic realism.

"In it's conception and execution, Mr Accident is superbly accomplished...brimming with gags...by far the best, most admirable and enjoyable Australian film I have seen so far this year."

Adrian Martin - The Age

"You'll be disarmed by its charm."
Sandra Hall - Sydney Morning Herald

"Characters that zing with spontaneity...a lot of laughs...an explosion of crazy ideas...full of slapstick, satire, spoof" - Urban Cinefile
